Nominating for	Mayor for City of Greater Geraldton
Election type	Ordinary
Enrolment status	CLUNE, Jerry is eligible to stand for election as a resident of the City of Greater Geraldton.

Having served on Council for ten years with the last two as Deputy Mayor, I feel that the experience gained from this gives me the capability and enthusiasm to fulfil the role of Mayor.

The decisions made by council are done through a system where collaboration is required and no single issue ever happens without the majority support from fellow Councilors.

The position of Mayor is to provide effective leadership, be able to facilitate good communication and to ensure that decision making is carried out in a proper manner. The role is there for all the community and to balance the diversity that makes up the such a great place we have within the City of Greater Geraldton.

I ask you to give me your number one choice for Mayor in your vote . We need to refresh the leadership of the City as we head into what appears to be exciting times for the community with many new projects about to appear on the near horizon.

Let's make Greater Geraldton great !
