I am standing for re-election to continue serving and representing you. Please Vote 1 to re-elect me.

My previous six years experience and knowledge will ensure I can efficiently navigate the complex issues and processes of Council to effectively represent you.

I have lived in our wonderful city with my family for over twenty years. We have an enviable lifestyle. I want to see our city and surrounding districts continue to have a prosperous and vibrant future; one that is inclusive and where families, children and our elderly can live happily and safely.

I believe in actively engaging with our youth and am involved in community sport and youth organisations and am on various local committees and Boards. I serve as a JP in our community.

I appreciate how important it is to involve and consult the community to hear their concerns and ideas to ensure we get the best possible outcomes for our City.

I will ensure we maintain an efficient and responsive Council that is financially responsible.
