- AVL in all appliances are being replaced with 4G devices as 3G is being closed out;
- City received \$285K MAF funding, 7x works zones – work are underway and acquittal due June 2024;
- City mitigation works are 80% complete and should be finished in a few weeks;

- Firebreak inspections start 5 October 2023;
- New infringement process will mean property owners who were infringed last year will receive infringement at first inspection rather than at failure of a second, however these property owners will be email reminded this fortnight to advise same; and
- **REMINDER:** Fire reports to be submitted in a timely manner as these reports also assist in the application for new appliances.

**QUESTION FROM THE GROUP:** If a property owner is inspected on the 5<sup>th</sup> and received a reminder last year will that property owner be infringed straight away?

**ANSWER:** Yes, though those that could potentially be infringed at first inspection will receive an email reminder the fortnight prior on top of the already issued and gazetted Fire Hazard Reduction Notice 23/24.

## 7.2 City of Greater Geraldton Emergency Operations Officer

Andy Gaze addressed and thanked the group for their presence and dedication advising that he is looking forward to working with everyone and appreciates the experience with special thanks to his City team.

**NOTED:** The inside of the pump air intake wasn't sealed and got dusty meaning the pump required replacement.

## 7.7 Tenindewa Bush Fire Brigade

The DFES training structure was queried for content and it was remarked as being too demanding for the employers and not relevant to the Mullewa farmer brigades. Completion of the four day course including ladder and axe training should not be a requirement.

**NOTED:** Local brigades believe the training required is not moulded to or relevant to the area which may result in a lack of volunteers. It is important that farmer and town brigades be differentiated and training times reduced for the Mullewa brigades.

A motion was proposed.

**Committee Recommendation:**

RECOMMENDED that the City review the brigade training policy to ensure that training is tailored to specific requirements and the varying regions they cover.
