CANDIDATE'S PROFILE

My name is Victor Tanti and I have lived in Geraldton since 1984 where my children were born and raised. I have sat on Council since 2013 and much has been achieved since then. I am proud to have played a part in that while there are coming developments that will create new economic and job opportunities.

We are one of Australia's regional dynamos with excellent sporting and community facilities and well-maintained local roads.

I know some are concerned about rates but we have facilities other Local Governments don't such as the Aquarena and Queens Park Theatre which are desired community assets and 1300kms of roads to manage. In fact, in the past 12 years Geraldton's rate rises have been under inflation and our budget management independently assessed as first class.

I am 67 but don't lack for energy or experience. If returned I will continue to value every ratepayer dollar.
