

## Sunflower Studio – Lot 6, 237 Marine Terrace

### Nature of the Activity

The Sunflower Studio will offer educational art classes to a variety of cohorts.

- Crafty Toddlers – hour long sessions centred around three 15 minute crafts and a buffer for clean up/tantrums. 12 max capacity, with additional parents. Approx 30 total in space.
- After School Art Lessons for both Primary and Secondary aged groups - 8 week art classes focusing on creative exploration, light on the art history and big on practical skills. Each student gets a sketchbook handmade in Australia with recycled paper, and the last two weeks consist of a final piece on a small canvas. We explore some great painters, introduce some principles like colour mixing, tone and texture, and have a lot of fun in a welcoming and open space. 16 max capacity, hour long format.
- Arvo Artists - Chill hour long sessions focused on grown-ups needing a creative moment. Mini projects include clay, abstract art, pencil, charcoals, pompoms, acrylic paint, watercolours, collage and more. 20 max capacity.
- Paint and Sip style workshops - Three hours (with a break in the middle) guided painting for total beginners and artists alike, a super fun social event not just restricted to weekends. These will be BYO and max capacity 24. Outside catering from food safe local businesses is being sourced, and soft drinks/water will be available.

### Venue Hire

- Workshops in the same industry – I intend to either rent the space or subcontract to other creatives to run their own workshops. This will mean the opportunities and offerings of the space will be multi-media and cover a variety of techniques. Max capacity 24.
- Other workshops – Hiring the space at a very competitive rate for a half day, I am currently in talks with other local small businesses that offer services such as coaching, mentoring, and women's empowerment. Max capacity 24.
- Private hire – Small scale birthdays, weddings, other BYO events. Max capacity, 40 cocktail style, 24 seated.

### Networking Events

- Bi-monthly networking events for creatives and other local businesses that can assist with the development of creative culture in Geraldton. Max capacity, 40 cocktail style.

### Exhibitions

- Open evenings every three months to signal a change in wall space, local artists will have a chance to exhibit and not be charged to have their work in the space. Max capacity, 40 cocktail style.
